## IN DEBT? WE CAN HELP YOU OUT!!!

Congratulations! You have just taken the first step towards responsible money management. Over 2000 families a year contact Consumer Credit Counseling Service of Southern Oregon (CCCS), an accredited financial counseling service available to help you help yourself with the cooperation of your creditors. We do not make loans; however, we will help you develop a personalized spending plan and discuss various options that are available to you.

### Debt Management Plan

One of your options might be a Debt Management Plan in which we set-up an account for you at CCCS. This could result in lower interest and monthly payments and other concessions in order to bring your accounts current with your creditors. The forms you need to complete are attached to this cover sheet and include:

### Personal Data Section / Estimated Monthly Living Expenses

This section needs to be completed to help you and the counselor determine what your income is and what it is costing you to live each month. For items such as gifts, clothing, etc., it may be appropriate to think of what you spend each year and divide by 12, giving you the average monthly cost. Be honest, think it over, talk it over, review past utility bills, use your checkbook register or any other record-keeping items you may have to come up with the most realistic amounts possible. We can help you reevaluate your budget and make suggestions to help you better reach your goals.

### Creditor Sheet

This is the form you will use to list all the bills that you have. Please be sure to list all creditors, account numbers, current balances owed, monthly payments, interest, and whether you are past due. This information can be obtained from the statements your creditors send you each month. After completing this section, you may be very discouraged to find out, like many people, that you do not have enough money left to pay all these bills.

**DO NOT GET DISCOURAGED** and feel there is little hope for you. Completing the interview forms will be a valuable learning experience and useful regardless of the outcome of your counseling. Let CCCS's certified counselors work with you and assist you in making a wise decision.

We look forward to seeing you at

**STATEMENT OF COUNSELING SERVICES**

Please read the following statements carefully so that you will understand the procedures for the counseling session. **INITIAL THE BOX** next to each statement to indicate understanding of that provision.

(For simplification the singular is used even when the plural may apply.)

I understand the agency will provide a free confidential comprehensive personal money management interview. I also understand that I am responsible to give the agency accurate information, to the best of my abilities, regarding all income, expenses, and debt.

I understand that the interview will be conducted by a certified consumer credit counselor or qualified professional counselor. All action plans, not conducted by a certified consumer credit counselor, will be reviewed by a certified consumer credit counselor.

I understand that in the event I am dissatisfied; I can utilize the Complaint Resolution Process. A copy of process is available on request.

I understand that most of the agency's funding comes from creditors participating in Debt Management Plans. Since creditors have a financial interest in getting paid, they are sometimes willing to make a contribution (up to 15 percent of each payment received) to help fund the agency. However, my accounts with my creditors will always be credited with one hundred percent (100%) of the amount I pay through the agency. CCCS will work with all my creditors regardless of whether they contribute to the agency.

I hold the agency, its employees, agents and volunteers harmless from any claim, suit, action or demand of my creditors, myself, or any other person resulting from advice or counseling. Nothing herein shall apply to actions or claims under the provisions of the United States Bankruptcy Code, 11 U.S.C. § 101 et seq.

I will be given a written assessment outlining a suggested client action plan which will be based on the following options:

- a.) I will handle any financial concerns on my own.
- b.) I may choose to enroll, if I qualify, in the agency's Debt Management Plan. (Receipt of the financial counseling services does not automatically guarantee that I can participate in the agency's Debt Management Plan.) A small monthly fee of not more than \$35, a setup fee of up to \$25 (for Oregon residents only), and a one-time education fee of \$15 (for Oregon residents) \$40 (for California residents) is asked of each client. All fees are voluntary and participation is not denied to clients who indicate that they cannot or prefer not to pay.
- c.) Under the Debt Management Plan the agency serves as a neutral third party in negotiating with creditors to liquidate financial obligations. The agency provides counseling on managing secured debt, but only includes unsecured debt on a Debt Management Plan.
- d.) My participation in a debt management repayment program may change information on my credit report. *If my credit report reflects that I have paid creditors as agreed in the past, a debt management plan could have a negative impact on a credit worthiness decision by a potential creditor, landlord, or employer in the future.* Although CCCS does not report to credit reporting agencies, I understand that creditors may report that I am on a debt repayment plan, and I am not paying as originally agreed although they have accepted the reduced payment.
- e.) I am aware that debts I would repay through a debt management plan may be able to be discharged through bankruptcy. Counselors cannot provide legal advice.
- f.) I will be referred to the other services of the organization, another agency or agencies as appropriate that may be able to assist with particular problems that have been identified. I have the right to use or reject the suggested referrals.

At some time in the future, I understand my information may be used for confidential research. My situation may be discussed with an outside source and/or a neutral third party may contact me to request an evaluation of the agency's services.
